DANIEL J. McCaffery
CHIEF OF POLICE

Body Worn Cameras (BWC)

In 2015, the Roselle Park Police Department launched its Body Worn Camera Program. The department recently upgraded to the Axon Body 3 cameras that are currently assigned to all police personnel. As per the New Jersey Attorney General Body Worn Camera Policy, the Roselle Park Police Department deploys these BWC's accordingly.

"The Roselle Park Police Department is committed to transparency and professionalism. All uniformed officers wear Body Worn Cameras at all times, and this demonstrates our departments determination to provide the best police services possible while maintaining accountability to the public."

Police Chief Daniel J. McCaffery
